CANADIAN PACIFIC RAILWAY

- GENERAL INFORMATION -

Ticket Offices at all important Stations are open 30 minutes before the departure of Passenger trains, and passengers are respectfully requested to purchase Tickets before taking seats in the cars. Ten cents additional will be charged for a ticket purchased on the train, and such tickets will not be issued to any point beyond the run of the Conductor to whom the fare is paid. Passengers should always procure their tickets at regular railway ticket offices, and ask for them via the Canadian Pacific Railway.

Coupon Tickets to all important points in Canada and the United States, also to Europe, Japan, China and Australia, are on sale at all Principal Stations on this Company's Lines. Passengers desiring to purchase such tickets should, in all cases, designate the connecting line or lines by which they desire to travel, as our Agents are instructed to enumerate the routes, but to maintain strict neutrality in regard to the different railways interested.

Lost Tickets.—Railway Companies are not responsible for lost tickets, therefore all possible precaution should be taken to prevent their loss. Upon purchasing through tickets, passengers should make a memorandum of the "Destination," "By what Railway Issued," "Form Number," "Consecutive Number," and "Place and Date of Sale." They should make a memorandum also of the consecutive Numbers of their Baggage Checks. This will aid in their recovery if lost or stolen.

One-Way Tickets, of all classes, are valid for passage only in the direction printed.

Round Trip Tickets, 1st Class, to and from Principal Stations on this Railway, are for sale at reduced rates, but are good only for a specified time, and will not be received for passage after expiration of that time. They are not transferable, and are not good for stop over at any intermediate station.

Stop-over Checks will be granted to passengers desiring to stop over at a station short of the destination of their tickets on application to the Conductor, but this privilege is confined to unlimited first class one way tickets only, or to such other tickets as the Railway Company may from time to time extend it. These Stop-over Checks are not transferable, and will not be accepted for passage after the date of their expiration. Colonist Tickets, reading from any point east of Port Arthur to Vancouver or any point in British Columbia or Puget Sound Ports, Stop-overs of three days will be granted on application to Conductor at any station, Winnipeg, Man., to Calgary, Alta., inclusive, to give holders an opportunity of inspecting farm lands.

Personal Baggage, not exceeding 150 lbs. in weight, will be checked through from all stations of the Canadian Pacific Railway, upon presentation of one full passage Ticket. 75 lbs. on half ticket. All baggage should be addressed. Personal baggage in excess of 150 lbs. will be charged for in accordance with Tariff furnished Agents, but no piece of baggage weighing more than 250 lbs. will be received. Passengers paying for excessive baggage will receive an "Excess Baggage" Ticket, which must be delivered to the Agent with the checks when the baggage is claimed.

Customs.—A United States Customs Officer is located at Montreal Station to examine baggage destined for the United States, and passengers commencing their journey at Montreal, or passing through Montreal destined for the United States, are recommended to have their baggage examined at that point, and thus avoid examination at the International Boundary Line. A Canadian Customs Officer is located at Chicago, Michigan Central, and K. R. Station, to examine baggage destined for Canada by the Michigan Central and Canadian Pacific, to avoid examination at Windsor, opposite Detroit.

Children under five years of age, when accompanied, will be carried free on the Canadian Pacific Railway. Children, between the ages of five and twelve years, will be carried at half the adult rate. All over twelve years of age must in all cases pay adult rates.

Mileage Books, good over the Ontario & Atlantic and Eastern Divisions, except on the Montreal, Toronto and Port Arthur, are on sale at all principal stations, at rate of \$25.00 for 1,000 miles. Each book contains 1,000 one-mile coupons. These books are valid for one year from date of issue, good for use of purchaser only, whose signature they must bear, and are positively not transferable. These Coupons of these Mileage Books will not be accepted for passage on trains, but must be exchanged at the ticket office for a passage ticket before entering the cars.

Commutation Trip Tickets, for ten, twenty-six and fifty-two trips within three months from date of purchase and good for purchaser or family, are on sale at Ticket Offices in the cities of Quebec, Montreal, Ottawa, Toronto and London, to points within about 100 or 400 miles from each office. Full particulars can be had on application to Ticket Office above cited.

Season Tickets for use of purchaser only, for one, three, six or twelve months, good for an average of one round trip per week day and Tickets for use of purchaser only good for ten, twenty-six or fifty-two trips within three months, are on sale at all stations east of Port Arthur, for distances within about 40 miles. Liberal season ticket rates for students and pupils made on certificate from head of schools.

Land Explorers are offered reduced return rates. 1st Class, to Winnipeg from points in Canada east of Sudbury and can, on presentation of the return half of same to the Railway Company's Land Commissioner at Winnipeg, purchase return tickets from there to points west in the Province of Manitoba, or can be had on application to Ticket Office above cited, from Winnipeg west will be refunded original holder should he purchase within 30 days one quarter section (160 acres) or more of Canadian Pacific Railway farm lands west of Winnipeg. Special arrangements have been made for similar rebate to actual settlers on Canadian Government lands, west of Winnipeg and east of Calgary, on production of satisfactory proof of purchase or entry, same within the 30 days.

Routes.—Tickets between Montreal or any point south or east thereof, and Toronto or any point west thereof, via Toronto in either direction, will admit of holder travelling between Toronto and Montreal either via Smiths Falls Short Line or via Ottawa.

Colonist Sleeping Car Berths are free to all holders of 2nd Class, or Colonist, Tickets. They are not upholstered, but bedding, etc., can be purchased at Toronto, North Bay, Canadian Junction, St. Martin Junction, Mile End, Montreal and Quebec, at following rates, viz: Mattresses, 75 cents each; Blankets, 80 cents each; Pillow and Strap, 20 cents; Curtains, 75 cents per pair, and at proportionately low rates from Vancouver and Winnipeg.

Connections.—Details of connections where mailers appear in Folder opposite: Junction Stations will be found on page headed "Railway, Steamship and Stage Connections."

General Reference Made used in this folder are: 1. Flag Stations: trains stop only when required to leave off or take up passengers. 2. Stations opposite which no time for certain trains is given on time tables, such trains will not stop. 3. Refreshment Stations: Sleeping and Parlor Cars on trains so marked. 4. Trains so marked run daily, Sundays inclusive; trains, not otherwise designated, run week days only. 5. No branch connections on Sundays.

In the event of any disagreement with a conductor, relative to tickets required, privileges allowed, etc., passengers should pay the conductor's claim, take his receipt, and refer the case to the General Passenger Agent for adjustment. The conductor has no discretionary power in such matters, but is governed by rules which he is not authorized to change.

It is impossible in limited space in this folder to give the rates of fare or any description of the vast territory through which the Railway runs, but all information will be most promptly supplied on application to General Passenger or District Agents, or to any Ticket Agent of the Company. The Company keep a staff of Travelling Agents to accompany large parties of tourists, sportsmen, pleasure seekers, or land explorers, and will when such parties are forming be glad to send same on application to render assistance and give necessary information. Special Sleeping Cars reserved for parties of not less than 18 or more First Class passengers at regular fares.

CANADIAN PACIFIC RAILWAY

FACTS

This thoroughly-built and splendidly-equipped line has earned a reputation for comfort and regular time that few lines in America have ever reached, and none until after many years of operation. In the construction of this line the utmost care was taken with every detail, and nothing was left undone to make it what it was intended by its projectors to be, the very best new line ever constructed on the American Continent.

EQUIPMENT

The line is equipped with the finest Passenger, Sleeping and Parlor Cars in the world. The wheels used under all the passenger rolling stock are of Krupp steel, 10 inches in diameter, not one of which has ever failed; the axles are of steel, and of the full size of the iron axles used on other lines. The car bodies are strongly framed to meet any contingency, and are wider and higher than those of any other railway. Both first and second class cars are designed to secure uniform warmth, combined with perfect ventilation, in winter, and an abundance of cool air, with freedom from dust, in summer; and the cars of no other line can compare with them in these respects, nor in strength, elegance and comfort.

THE SLEEPING AND PARLOR CARS

Are owned and operated by the Company, and no expense has been spared to make them perfect. They are finished outside with polished mahogany, and their interiors, with their rich carvings and beautiful fittings, are beyond comparison. The berths are wider and longer than in other sleeping cars. The curtains, blankets and linen, made expressly for the Company, are of the finest quality. The Sleeping Cars are provided with bath rooms, and the Sleeping and Parlor Cars are specially constructed so as to enable passengers to view the scenery passed.

SECOND CLASS, OR COLONIST, SLEEPING CARS

Are run on this line instead of the ordinary second class cars. They are handsomely finished in light woods, on the general plan of ordinary sleeping cars. They are bright and pleasant, and so comfortable that they are largely used by first class passengers in making short trips. No extra charge is made in these cars. Colonists on transcontinental trains can procure mattresses, curtains and blankets from the Company, suitable for these cars, at cost price. See page "General Information" for particulars.

DINING CARS

Beyond comparison in style and finish, are run during day time on all through transcontinental trains between Montreal and Vancouver. Special attention has been given by the Company to the service on these cars, and travellers will find all the delicacies of the season at their demand for the nominal charge of 75 cents per meal.

HOTELS

In the Rocky Mountain region, hotels have been built and will be operated under the control of the Company, near Banff Hot Springs, at the eastern base of the mountains; at Field, on the summit of the Rockies; at Glacier Station, near the summit of the Selkirk; and at North Bend, on the Fraser. These hotels form admirable stopping places for tourists, who do not wish to make the overland journey, through the scenery of that region, in one unbroken trip. The Railway Company also own and operate the "Hotel Vancouver," a large and commodious new hotel at Vancouver.

TRAIN LUNCHEONS

Are served on the trains of the Canadian Pacific Railway by waiters, from a Bill of Fare, the charges being extremely moderate. These Lunches are under the immediate supervision of the Company, special compartments being fitted up in first class coaches for the purpose, are now being served on night and day trains in both directions between Toronto and Montreal, and have been made a special and an attractive feature of this road. In addition to these Train Lunches, Dining Halls are located at convenient stations, setting a table equal to that of the best hotels of the country, at which ample time is allowed for meals. Dining Halls and Luncheon Counters are marked thus \$ on Time Table.

TIME

The trains of this line are run sharply on time. The through trains make very few stops, and no annoying delays are permitted to occur at stations. All freight trains are kept well out of the way of passenger trains, and no train is permitted to follow a passenger train from a station until it has passed the next station ahead. This is the only line in America where this rule is in force.

CIVILITY AND ATTENTION

The civility and attention of the employees of the Company are spoken of by every traveller on the line. The cleanliness of cars and stations is also noticed. These two points are, next to safety, most carefully watched by the management.

SAFETY

Every appliance of proven value, calculated to secure safety, has been adopted on this line without regard to cost. There are too numerous to mention, but they include an elaborate guard system at all bridges, Cooke's patent safety switch at all turn-outs from the main track—the only safety switch in use in Canada, and the only one known that will with certainty prevent derailment from a misplaced switch. Especial care has been taken to make the heating apparatus on trains entirely safe, and the oil used in lighting the cars is manufactured expressly for the Company, and is safer even than candles, while it affords a most brilliant light.

TRACK AND BRIDGES

The cuttings are unusually wide and thoroughly drained; the embankments are very wide and solid; the bridges, resting on first-class masonry, are of steel, and of twice the ordinary strength; the rails are of the best steel, manufactured under rigid inspection, and are laid with angle splices of double strength; the ties are large and closely laid, and the track is ballasted with the best materials.

Time Tables of the Western and Pacific Divisions will be found on the inside of Folder.
